In the song *Bohemian Rhapsody* by Queen, how many times does Freddie Mercury sing the phrase “Bohemian Rhapsody”?

5			1			4	6	
				2				9
	3		4	9	5	1		8
4	8		9		3			7
	1		7					
			6				3	4
3	5			6				
8				3	9			2
2	6	9	8		4	3		5

Su Doku – Fill each row, column, and 3 X 3 box with all the numbers from 1 to 9. Each digit can appear only once in a row, column, and 3 x 3 box.

You need to fill in the boxes until you know what the digit in the highlighted box is.

**Number of medals won by UK at the Olympics –
Number of GB 2020 athletes – Number of Modern
Olympics – Number of host cities = ?**

? ÷ Number of Olympics cancelled prior to 2020 = ?

? ÷ Number of medals won by Canada in 2016 =

Find a place close to our hearts

Where they serve milkshakes, scones, and tarts

This place is north of a historic spot,

We really like to go a lot.

To find the place we like to eat

Just take a jaunt down the High Street!

Once you've found our favourite place

A switcharoo might help your case.

The thing you need is only small

And adding will not help at all.

Mary was born in 1964. She was 16 when she started on the Holiday Club team.

Dave was born in 1963. He was 23 when he first volunteered on the Holiday Club team.

How many years was Mary on team without Dave?

Number of Harry Potter novels = a

Number of actors who have played James Bond in the 25 James Bond films = b

Number of planets in our Solar System = c

Number of years that you have been married if you are celebrating your china wedding anniversary = d

Now calculate the number using this equation

$$(a+b+c) - d =$$

The last one...

There are 6 missing words in this word search! The words all mean the same thing but in different languages. Once you have found one, it should help you find the others.
